

**UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF FLORIDA**

CASE NO. 18-CV-62593-GAYLES

FEDERAL TRADE COMMISSION,

Plaintiff,

vs.

SIMPLE HEALTH PLANS LLC, et al,

Defendants.

/

**RECEIVER'S MOTION FOR AUTHORIZATION TO LIQUIDATE HEALTH
BENEFITS ONE, LLC'S UBS BANK USA BROKERAGE ACCOUNTS AND MOTION
FOR AUTHORIZATION TO PAY AND CLOSE HEALTH BENEFIT ONE, LLC'S
SECURED CREDIT LINE WITH UBS**

Michael I. Goldberg, as court-appointed receiver (the “Receiver”) over defendants Simple Health Plans LLC, Health Benefits One LLC (“Health Benefits One”), Health Center Management LLC, Innovative Customer Care LLC, Simple Insurance Leads LLC, Senior Benefits One LLC, and their subsidiaries, affiliates, successors and assigns (collectively, the “Receivership Entities”) hereby moves this Court for authorization to liquidate the two brokerage accounts held at UBS Bank USA (“UBS”) by receivership entity Health Benefits One and for authorization to pay off and close the secure credit line held by Health Benefits One at the same institution. In support, the Receiver states as follows:

1. On October 29, 2018, the Federal Trade Commission (the “FTC”) commenced this action in the United States District Court for the Southern District of Florida against the Receivership Entities and Steven Dorfman (“Dorfman”) (Dorfman and the Receivership Entities are collectively referred to as the “Defendants”) [ECF No. 1].

2. On October 31, 2018, this Court entered an *Ex Parte* Temporary Restraining Order with Asset Freeze, Appointment of a Temporary Receiver, and Other Equitable Relief, and Order to Show Cause Why a Preliminary Injunction Should Not Issue (the “TRO”) [ECF No. 15], which, among other things, appointed Michael I. Goldberg as Receiver over the assets, liabilities and business interests of the Receivership Entities with full powers of an equity receiver. The Receiver was appointed as the Permanent Receiver when this Court issued a Preliminary Injunction on May 14, 2019 (the “PI”) [ECF No. 139].

3. On or about November 26, 2018, the Receiver received a letter advising that Health Benefits One owned two (2) brokerage accounts and one (1) premier credit line at UBS. As of June 30, 2019, the brokerage account bearing account number XXXXXX has a total account value of \$2,387,277.63 and the brokerage account bearing account number XXXXXX has a total account value of \$2,682,873.53. The premier credit line bearing account number XXXXXX has a loan balance of \$2,959,864.57. Each of the foregoing accounts is collectively referred to as (the “UBS Accounts”). True and correct redacted copies of the UBS account statements are attached as “Composite Exhibit A.”¹

4. The brokerage account bearing account number XXXXXX has been pledged as security against the premier credit line. As a result, any action taken to liquidate this account would require the Receiver to repay the outstanding loan balance. However, given that the outstanding loan balance exceeds the value of the account, the Receiver must include additional monies to satisfy the outstanding obligation.

¹ At the Court’s request, the Receiver can submit a copy of the unredacted statements for an *in camera* review.

5. Under the PI, the Receiver is authorized and required “[t]ake exclusive custody, control, and possession of all Assets and Documents of, or in the possession, custody, or under the control of any Receivership Entity, wherever situated . . .”. PI at 33. To aid the Receiver’s efforts, the PI also enjoins the Defendant and any individual or entity in possession or control of property belonging to the Receivership Entities from conducting business of any kind with property that rightfully belongs to the Receivership Entities. *Id.* at 26-27. Rather, the Defendant and any individual or entity in possession or control of property belonging to the Receivership Entities must “fully cooperate with and assist the Receiver” with obtaining control over such property wherever that property is held. *Id.* at 38.

6. Based on the foregoing, the Receiver has determined that the two brokerage accounts and premier credit line held by UBS are property of the receivership estate and that it is in the best interest of the estate to liquidate the brokerage accounts and transfer all available proceeds, minus any funds that must be used to repay the secured premier credit line balance, to the Receiver in accordance with the PI. Further, given the volatility in the current market, the Receiver believes that it is appropriate to liquidate these accounts now while the market is at an all-time high, which confers an additional benefit on the receivership estate.

MEMORANDUM OF LAW

Federal courts, pursuant to their general equity powers, may order any relief to effectuate the remedial purposes of the federal securities laws, i.e., the protection of innocent shareholders. Moreover, the Receiver has a fiduciary responsibility to protect the receivership estate. *See, e.g., Citibank, N.A. v. Nyland*, 839 F.2d 93, 98 (2d Cir. 1988) (A receiver acts “as an officer of the court and has the duty to preserve and protect the property pending the outcome of the litigation.”); *Eller Indus., Inc. v. Indian Motorcycle Mfg., Inc.*, 929 F. Supp. 369, 372 (D. Col. 1995) (The receiver

“must collect and preserve corporate property from imminent danger of loss, waste or dissipation and administer the receivership, free from outside interference with estate property”). Once appointed, the Receiver retains the sole right to administer the receivership, and creditors and other claimants lose their right to unilaterally settle past debts. *U.S. v. Ariz. Fuels Corp.*, 739 F.2d 455, 458 (9th Cir. 1984); *SEC v. Manor Nursing Center, Inc.*, 458 F.2d 1082, 1103-04 (2nd Cir. 1972); see also *SEC v. Blatt*, 583 F.2d 1325, 1334 (5th Cir. 1978). The liquidation of the brokerage accounts and repayment of the secured credit line balance will benefit the Receivership Entities’ defrauded investors by increasing the funds in the receivership estate. Authorization of this proposed liquidation and repayment of the secured credit line is a proper use of this Court’s power.

A. The UBS Accounts Are Property of the Receivership Estate

It is undisputed that each of the UBS Accounts are titled in the name of receivership entity Health Benefits One. It is the general rule that the Receiver acquires no greater rights in property than was held by the debtor. *Sec. & Exch. Comm'n v. Pension Fund of Am. L.C.*, 05-20863-CIV, 2006 WL 8433996, at *9 (S.D. Fla. Sept. 11, 2006) (citation omitted). On October 29, 2018, the date this Court entered the TRO creating the receivership, Health Benefits One had an ownership interest in the two UBS brokerage accounts and an outstanding secured obligation to repay the balance of the premier credit line. Thereafter, upon entry of the PI, the Receiver, as equitable administrator over the assets of the Receivership Entities’ assets stepped into the shoes of the Receivership Entities by taking and maintaining legal ownership of all of their assets. See *S.E.C. v. Elliott*, 953 F.2d 1560, 1570 (11th Cir. 1992).

In *Elliot*, the Security Exchange Commission (the “SEC”) filed suit against a promoter and his related companies following various violations of the Securities and Exchange Act. at 1564. The court appointed a receiver to take possession of the companies’ assets and to propose a

distribution plan of the assets to the victims defrauded by the promoter. *Id.* at 1565. More specifically, the victims in that case were tricked into conferring ownership of their securities to the promoter via a power of attorney, which he then sold and pocketed the proceeds. *Id.* The Southern District of Florida found that the investors had unwittingly transferred legal title to their securities over to the promoter, thereby rendering them victims of the promoter's fraud and ultimately unsecured creditors of the receivership. *Id.* at 1566.

Here, pursuant to the Court's appointment of the Mr. Goldberg as Receiver over the Receivership Entities, any and all administration, collection, and equitable distribution of the receivership estate's assets must be orchestrated by the Receiver. Section XIII of the PI broadly outlines the process for the transfer of receivership property to the Receiver. This transfer of property includes "A. All Assets held by or for the benefit of the Receivership Entities" and "D. All Assets and Documents belonging to other persons or entities whose interests are under the direction, possession, custody, or control of the Receivership Entities." PI at 38. The PI defines an "Asset" as including "any legal or equitable interest in, right to, or claim to, any property, wherever located and by whomever held, and all proceeds, products, offspring, rents, or profit of or from that property." PI at 26 fn. 15. It, therefore, goes without question that because Health Benefits One had an ownership interest in the UBS Accounts on the date that the receivership commenced, the Receiver, by stepping into the shoes of Receivership Entities, subsequently gained ownership over all of the Receivership Entities' assets, including the UBS Accounts. Thus, in the exercise of his powers over the UBS Accounts, it is appropriate for the Receiver to liquidate these accounts and repay the secured credit line balance for the benefit of the receivership estate.

WHEREFORE, the Receiver respectfully requests this Court enter an Order authorizing the Receiver to liquidate UBS Brokerage Account Nos. XXXXXX and XXXXXX and with the proceeds of those to repay the UBS Premier Credit Line held by Health Benefits One, Account No. XXXXXX, with any remaining funds to be distributed to the Receiver on behalf of the Receivership Estate.

LOCAL RULE 7.1 CERTIFICATION OF COUNSEL

Pursuant to Local Rule 7.1, undersigned counsel hereby certifies that the Receiver has conferred with counsel for the FTC, who has no objection to the relief requested in this Motion. The Receiver also attempted to confer with counsel for the Defendant by email, dated March 25, 2019, and more recently by email, dated June 28, 2019, to determine his position on liquidating the brokerage accounts and repaying the credit line as discussed herein. The Defendant has not responded with his position on the relief requested.

Dividend and interest income earned

For purposes of this statement, taxability of interest and dividend income has been determined from a US tax reporting perspective. Based upon the residence of the account holder, account type, or product type, some interest and/or dividend payments may not be subject to United States (US) and/or Puerto Rico (PR) income taxes. The client monthly statement is not intended to be used and cannot be relied upon for tax purposes. Clients should refer to the applicable tax reporting forms they receive from UBS annually, such as the Forms 1099 and the Forms 480, for tax reporting information. It is the practice of UBS to file the applicable tax reporting forms with the US Internal Revenue Service and PR Treasury Department, and in such forms accurately classify dividends and/or interest as tax exempt or taxable income. Please consult your individual tax preparer.

Your notes

Important information about your statement

UBS Financial Services Inc. (the Firm or UBS Financial Services), a member of all principal security, commodity and options exchanges. UBS Financial Services and UBS Bank USA, are indirect subsidiaries of UBS AG and affiliates of UBS Securities LLC. The Firm's financial statement is available upon request. The Firm's executive offices are at:

UBS Financial Services Inc.
1300 Harbor Boulevard
Weehawken, NJ 07086

This statement represents the only official record of your UBS Financial Services account. Other records, except official tax documents, containing conflicting data should not be relied upon. If you believe there is an error or omission, please report it immediately in writing to the Branch Manager of the office serving your account.

Although all figures shown are intended to be accurate, statement data should not be used for tax purposes. Rely solely on year-end tax forms, (i.e., Form 1099, 5498, 10425, etc.) when preparing your tax return. The Firm is required by law to report to the IRS all taxable dividends, reportable non-taxable dividends and taxable interest earned on securities held in your account, net proceeds on sale transactions, and cost basis on certain covered securities.

Communications with the firm

- Please re-confirm any oral communications in writing to further protect your rights, including your rights under the Securities Investor Protection Act (SIPA).
- If the financial institution on the top left of the front of this statement is not UBS Financial Services, UBS Financial Services carries your account as clearing broker by arrangement with the indicated institution. We informed you of its relationship when you opened this account. In this case, your funds and securities are located at UBS Financial Services and not the introducing broker, and you must make a report of any error or omission to **both** firms.
- As described in the account agreements, you must notify us of any errors or fraud involving checks reflected on your statement within 30 days after it was mailed or made available.
- Please direct complaints or inquiries to the Firm's Client Relations Department at 201-352-1699 or toll-free at 800-334-9103, 8:00 A.M. to 4:00 P.M. ET Monday through Friday, or in writing to UBS Financial Services Inc., Client Relations Department, P.O. Box 765 Union City, NJ 07087.

All statements shall be deemed complete and accurate if not objected to in writing within 60 days.

- For TTY services: Call 844-512-2986 or from outside the U.S.: Call 201-352-1495
- In case of errors or questions about an electronic funds transfer (EFT), bill payment or UBS Visa® debit card transactions, call 800-762-1000, or write to UBS Financial Services Inc., 1000 Harbor Blvd, 6th Floor, Weehawken, NJ 07086, Attn: RWA/BSA Services.

Call or write as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. The Firm or Card Issuer (as applicable) must

hear from you no later than 60 days after the Firm sent you the first statement on which the error or problem appeared.

- Provide your name and account number (if any).
- Describe the error or transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- Provide the dollar amount of the suspected error.

The Firm or Card Issuer will investigate your complaint and will correct any error promptly. For alleged errors involving UBS® debit card transactions, if we will credit more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

Please make all checks payable to the Firm or the financial institution indicated on the front of this statement. In addition to regular account fees, accounts may be subject to maintenance fees, charges for late payment for securities purchases and changes for unpaid amounts in cash accounts. Accounts that are transferred to other institutions may be subject to a transfer fee.

UBS Sweep Options

UBS offers options for sweeping cash balances to bank deposit accounts at non-affiliated banks and affiliated banks and money market mutual funds (Money Funds). Deposit accounts at UBS Bank USA, and non-affiliated banks participating in the UBS FDIC-insured Deposit Program are FDIC insured in accordance with FDIC rules. For more information, please visit www.fdic.gov. Deposit accounts at UBS AG Stamford Branch and shares of Money Funds are not insured by the FDIC.

Bank deposits are not protected by SIPC. Money Fund shares are protected by SIPC. See "UBS Financial Services Account Protection" below.

Upon your request, balances in the bank deposits may be withdrawn, and shares of a Money Fund may be redeemed, and the proceeds returned to you or your securities account.

Further information about available sweep options, including current interest rates and yields, is available at www.ubs.com/sweepsields, from your Financial Advisor or by calling 800-762-1000.

UBS Financial Services account protection

The Firm is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure available upon request, or at www.sipc.org. The SIPC asset protection limits apply to all accounts that you hold in a particular capacity.

The Firm, together with certain affiliates, has also purchased supplemental insurance. The maximum amount payable to all eligible clients, collectively under this protection is \$500 million as of December 10, 2016. Subject to the policy conditions and limitations, cash at the Firm is further protected for up to \$1.9 million in the aggregate for all your accounts held in a particular

capacity. A full copy of the policy wording is available upon request.

Neither the SIPC protection nor the supplemental protection apply to:

- Certain financial assets controlled by (and included in your account value) but held away from UBS Financial Services. For example certain (i) insurance products, including variable annuities; and (ii) shares of mutual funds registered in the name of the account holder on the books of the issuer or transfer agent;
- Investment contracts or investment interests (e.g., limited partnerships and private placements) that are not registered under the Securities Act of 1933;
- Commodities contracts (e.g., foreign exchange and precious metal contracts), including futures contracts and commodity option contracts; and
- Deposit accounts (except certificates of deposit) at UBS Bank USA, UBS AG U.S. branches and banks in the FDIC Insured Deposit Program.

The SIPC protection and the supplemental protection do not apply to these assets even if they otherwise appear on your statements. The SIPC protection and the supplemental protection do not protect any changes in the market value of your investments (whether as a result of market movements, issuer bankruptcy or otherwise).

Dividend Reinvestment Program (DRIP)

The price reflected is an average price. You may obtain the actual price from your Financial Advisor. Only whole shares are purchased under DRIP; partial shares will be sold and the cash will be applied to your account. The dividend reinvestment price supplied by the issuer may differ from the market price at which the partial shares are sold.

Cash-in-fee

Only whole units may be held in your account. If you are entitled to a partial unit as a result of a dividend payment or otherwise, the Firm will either sell partial units at market price or accept an amount determined by a registered clearing agency, and credit your account.

Investment objectives

The investment objectives and risk profile are specific to each account and may vary between your accounts. Please advise the Firm promptly in writing of any significant change in your financial situation or investment objectives. For each account held, you choose one of the following investment objectives:

- Produce Current Income:** Investments seeking the generation of income only.
- Achieve Capital Appreciation:** Investments seeking growth of principal rather than the generation of income.

Lending information

For detailed information on the Firm's lending practices and disclosures refer to Your Client Relationship Agreement or Account Agreement and the General Terms and Conditions. UBS Statements of Credit Practices available in Agreements and Disclosures at www.ubs.com/accountrdisclosure.

- Assets:** Includes available cash balances, values for unrealized securities (net), and Global Time Deposits, unregistered marks to market, and certain assets not held by the Firm. Does not include unregistered securities/Assets at the end of the prior and current statement periods, or private investments, unvested stock options and exercisable stock options.
- Liabilities:** Includes debit balances, outstanding margin loans, credit line, short account balances.
- Cash/money balances:** Total of uninvested available cash balances, plus deposit balances at affiliated and non-affiliated banks, and money market mutual fund sweep balances, at the close of the statement period.
- Non-commodity free credit balances:** In your account are not segregated from other balances and the Firm may use any of these funds in the ordinary course of its business. These funds are payable upon your demand. This total is included in the current period closing value.

Overall risk profiles

- Conservative:** Seeks to maintain initial principal, with low risk and volatility to the account overall, even if that means the account does not generate significant

income or returns and may not keep pace with inflation.

- Moderate:** Willing to accept some risk to principal and tolerate some volatility to seek higher returns.
- Aggressive:** Willing to accept high risk to principal and high volatility to seek high returns over time.
- Investment Eligibility Consideration:** If selected, a portion of the portfolio for that account may include complex strategies, limited liquidity and greater volatility.

Important information about your statement (continued)

Your assets

Your statement itemizes securities and other assets held in the account at the end of the statement period. You may ask for delivery of fully paid securities at any time. You may receive securities used as loan collateral after paying any balance due on them. Any securities transferred to the firm during the statement period are listed at market value as of the end of the statement period.

Cost basis. In determining the cost basis of the securities included in this statement, where indicated with the number "1", UBS Financial Services has relied on information obtained from sources other than UBS Financial Services, including information from another firm or that you may have provided to your Financial Advisor. The firm does not independently verify or guarantee the accuracy or validity of any information provided by sources other than UBS Financial Services. In addition, although UBS Financial Services generally updates this information as it is received, the Firm does not provide any assurances that the information under "Cost basis" and "Unrealized gain/loss" is accurate as of the date of this statement. As such, please do not rely on this information to make purchase or sale decisions, for tax purposes or otherwise. Accounts transferred to the Firm may reflect gain/loss information only for the period of time they are held at the firm. More historical information can be added by your Financial Advisor.

Unrealized gains/losses. When data is available, estimated unrealized gains/losses are calculated for individual security lots. The transaction data for dividends and other reorganization events, changes and/or security reorganization events, dividend and other reinvestment lots and systematic purchase lots are each combined to display one averaged lot. The "Trade date" column presents the original transaction trade date.

Callable securities. Bonds and preferred stock that the issuer calls for early redemption will be selected impartially by lot from among all securities of that issue held in our name or in nominee name for our clients. Call feature information is obtained from third parties and its accuracy is not guaranteed. Other call features may exist which could affect yield, complete information will be provided upon request.

Price/Value. Prices displayed for securities and other products may be higher or lower than the price that you would actually receive in the market. Prices are obtained from various third party sources which we believe to be reliable, but we do not guarantee their accuracy.

Price/Value. Prices displayed for securities and other products may be higher or lower than the price that you would actually receive in the market. Prices are obtained from various third party sources which we believe to be reliable, but we do not guarantee their accuracy.

Securities. Less actively traded securities may be priced using a valuation model or the most recent price we obtained and may not reflect an actual market price or value.

Certain positions may appear without a price and will show as "price was not available" if we are unable to obtain a price for a security.

Deposits or securities denominated in currencies other than U.S. dollars are reflected at the exchange rate as of the statement date.

For certain securities trading in non-conforming denominations, price and quantity (face value) may have been adjusted to facilitate proper valuation.

To obtain current quotations, when available, contact your Financial Advisor.

Private investments and structured products.

Private investment securities (including direct participation program and real estate investment trust securities) and structured products have not been registered with the Securities and Exchange Commission or under any state securities laws. We provide estimated values for private investment securities and structured products for informational purposes only. Accuracy is not guaranteed.

These values may differ substantially from prices, if any, at which a private investment security or structured product may be bought or sold and do not necessarily represent the value you may receive upon liquidation.

Third party estimates of value are as of a certain date and are supplied to UBS Financial Services on a regular basis by an independent valuation firm.

Issuer, general partner or sponsor estimated values, if any, are supplied to the Firm by the issuer, general partner or sponsor and may be calculated based on different information from that used by third parties to derive their estimated values.

You can obtain additional information regarding the methodology used to determine the estimate of value and the date of the information that is the basis for the estimate by contacting your Financial Advisor.

Third party estimated values may be reflected as "Not priced" in several situations: when an independent valuation firm has not supplied or is unable to assign a value, when we become aware that a material event has occurred that may call a previously reported value into question, or when a value would be highly speculative due to the nature of the security.

When neither an issuer, general partner or sponsor estimated value nor a third-party estimated value is provided, the value of the security will be different from its purchase price.

Distributions to date may include return of capital, income or both.

"Original unit size" represents the initial offering price per unit and may not reflect your cost basis.

DPP and unlisted REIT securities are not listed on a national securities exchange, and are generally illiquid and even if they can be sold, the price received may be less than the per share estimated value provided in the account's statement.

Restricted securities. Restricted securities generally are not currently eligible for public sale. UBS Financial Services uses the market price of the unrestricted stock of the same issuer as an imputed value for the restricted stock for purposes of this statement only. To the extent that restricted securities are eligible for sale, the value received may be substantially less than the imputed value shown.

Est. (estimated) income, current yields and rates.

An estimate of annual income is based on current dividend and interest rates, assuming the securities will be held for one year from statement date or until continued income are not guaranteed.

This estimate is only a guideline; accuracy and continued income are not guaranteed.

Estimated annual income and current yield for certain types of securities could include a return of principal or capital gains in which case the estimated income and current yield would be overstated.

Estimated annual income and current yield and the actual income and yield might be lower or higher than the estimated amounts.

An estimate of annualized income (dividend and/or interest) divided by the current market value/average balance is based on the last dividend or interest payment made by the issuer and assumes the securities/depots will be held for one year from the statement date or until maturity.

Accuracy and continued yield are not guaranteed.

Assets not held by UBS Financial Services.

Certain assets are not held by the firm and not within the firm's possession or control. These assets are displayed on our statement for informational purposes only. Positions and values presented are provided by the issuing firm. UBS Financial Services is not responsible for this information and does not guarantee its accuracy. These assets are not protected by SIPC or the Firm's supplemental SIPC coverage.

Revenue sharing and additional compensation.

In relation to commissions on sales and 12b-1 fees funds in connection with the distribution of mutual funds to our clients we and/or our affiliate receive revenue sharing payments from distributors and/or advisors of the mutual funds that we sell. These amounts are based on two different components: (i) the amount of sales by UBS of a particular mutual fund family to our clients; and (ii) the asset value of a particular mutual fund family's shares held at the firm.

We and our affiliate also receive networking and omnibus processing fees in consideration for transfer agent services that we provide to the mutual funds. These fees generally are paid from investor assets in the mutual fund and are a fixed dollar amount based on the number of accounts at the broker-dealer holding mutual funds of that fund family.

In addition to commissions received in connection with the sale or distribution of annuity contracts and unit investment trusts to our clients, we and/or our affiliate receive revenue sharing compensation from many of the insurance companies underwriting the annuity contracts, affiliates of the insurance companies or sponsors of the unit investment trusts we distribute.

In addition to commissions received from the purchase and sale of NextShares funds, we and/or our affiliate receive an asset-based revenue sharing payment from NextShares distributors, as well as funding for technology development, training and education.

Our affiliates also receive trading commissions and other compensation from mutual funds and insurance companies whose products we distribute.

We receive compensation from UBS Bank USA, UBS AG Stamford Branch and non-affiliated banks through our cash sweep programs. This compensation may be a monthly per account fee or may be a percentage of average daily deposit balances.

Activity

Information regarding commissions and other charges incurred in connection with the execution of trades, including option transactions has been included on confirmations previously furnished to you, and will be provided to you promptly on request.

Short selling

If you are engaged in short selling a security, you may incur a charge due to certain borrowing costs for that particular security.

Open orders

Regarding open or "good-till-cancelled" orders that were not executed by the statement date, open buy and sell stop orders are reduced by the amount of dividends or rights on ex-dividends or ex-rights date unless instructed otherwise by you. You are responsible for orders that are executed due to your failure to cancel existing open orders.

Dividend and interest income earned

For purposes of this statement, taxability of interest and dividend income has been determined from a US tax reporting perspective. Based upon the residence of the account holder, account type, or product type, some interest and/or dividend payments may not be subject to United States (US) and/or Puerto Rico (PR) income taxes. The client monthly statement is not intended to be used and cannot be relied upon for tax purposes. Clients should refer to the applicable tax reporting forms they receive from UBS annually, such as the Forms 1099 and the Forms 480, for tax reporting information. It is the practice of UBS to file the applicable tax reporting forms with the US Internal Revenue Service and PR Treasury Department, and the such forms accurately classify dividends and/or interest as tax exempt or taxable income. Please consult your individual tax preparer.

Your notes

Important information about your statement

UBS Financial Services Inc. (the Firm or UBS Financial Services), is a member of all principal securities, commodity and options exchanges. UBS Financial Services and UBS Bank USA are indirect subsidiaries of UBS AG and affiliates of UBS Securities LLC. The Firm's financial statement is available upon request. The Firm's executive offices are at:

UBS Financial Services Inc.
1200 Harbor Boulevard
Weehawken, NJ 07086

hear from you no later than 60 days after the Firm sent you the first statement on which the error or problem appeared.

- Provide your name and account number (if any).
- Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- Provide the dollar amount of the suspected error.

The Firm or Card Issuer will investigate your complaint and will correct any error promptly. For alleged errors involving UBS debit card transactions, if we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

Please make all checks payable to the Firm or the financial institution indicated on the front of this statement. In addition to regular account fees, accounts may be subject to maintenance fees, charges for late payment for securities purchases and charges for unpaid amounts in cash accounts. Accounts that are transferred to other institutions may be subject to a transfer fee.

UBS Sweep Options

UBS offers options for sweeping cash balances to bank deposit accounts at non-affiliated banks and affiliated banks and money market mutual funds (Money Funds). Deposit accounts at UBS Bank USA and non-affiliated banks participating in the UBS FDIC-insured Deposit Program are FDIC-insured in accordance with FDIC rules. For more information, please visit www.ubsfdic.org. Deposit accounts at UBS AG Sanctions Branch and shares of Money Funds are not insured by the FDIC.

Communications with the Firm

• Please re-confirm any oral communications in writing to further protect your rights, including your rights under the Securities Investor Protection Act (SIPA). If the financial institution on the top left of the front of this statement is not UBS Financial Services, UBS Financial Services carries your account as clearing broker by arrangement with the indicated institution. We informed you of this relationship when you opened this account. In this case, your funds and securities are located at UBS Financial Services and not the introducing broker; and you must make a report of any error or omission to both firms.

• As described in the account agreements, you must notify us of any errors or fraud involving checks reflected on your statement within 30 days after it was mailed or made available.

• Please direct customer complaints or inquiries to the Firm's Client Relations Department at 201-352-1699 ET (Monday through Friday, or in writing to UBS Financial Services Inc., Client Relations Department, P.O. Box 766 Union City, NJ 07087.

• All statements shall be deemed complete and accurate if not objected to in writing within 60 days.

For TTY services: Call 844-512-0966 or from outside the U.S.: call 201-352-1495

• In case of errors or questions about an electronic funds transfer (EFT), bill payment or UBS Visa® debit card transactions, call 800-62-1000 or write to UBS Financial Services Inc., 1000 Harbor Blvd., 6th floor, Weehawken, NJ 07086, Attn: RMA/BSA Services.

Call or write as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. The Firm or Card Issuer (as applicable) must

capacity. A full copy of the policy wording is available upon request.

Neither the SIPC protection nor the supplemental protection apply to:

- Certain financial assets controlled by (and included in your account value) but held away from UBS Financial Services. For example certain (i) insurance products, including variable annuities, and (ii) shares of mutual funds registered in the name of the account holder on the books of the issuer or transfer agent.
- Investment contracts or investment interests (e.g., limited partnerships and private placements) that are not registered under the Securities Act of 1933;
- Commodities contracts (e.g., foreign exchange and precious metal contracts), including futures contracts and commodity option contracts; and
- Deposit accounts (except certificates of deposit) at UBS Bank USA, UBS AG U.S., branches and banks in the FDIC Insured Deposit Program.

The SIPC protection and the supplemental protection do not apply to these assets even if they otherwise appear on your statement. The SIPC protection and the supplemental protection do not protect against changes in the market value of your investments (whether as a result of market movement, issuer bankruptcy or otherwise).

Dividend Reinvestment Program (DRIP)

The price reflect(s) an average price. You may obtain the actual price from your Financial Advisor. Only whole shares are purchased under DRIP; partial shares will be sold and the cash will be deposited in your account. The dividend reinvestment price supplied by the issuer may differ from the market price at which the partial shares are sold.

Cash-in-lieu

Only whole units may be held in your account. If you are entitled to a partial unit as a result of a dividend payment or otherwise, the Firm will either sell partial units at market price or accept an amount determined by a registered clearing agency, and credit your account.

Investment objectives

The investment objectives and risk profile are specific to each account and may vary between your accounts. Please advise the Firm promptly in writing of any significant change in your financial situation or investment objectives. For each account held, you choose one of the following investment objectives:

- Produce Current Income: Investments seeking the generation of income only.
- Achieve Capital Appreciation: Investments seeking growth of principal rather than the generation of income.
- Produce Combination of Income and Capital Appreciation: Investments seeking both the generation of income and growth of principal.

Overall risk profiles

• Conservative: Seeks to maintain initial principal, with low risk and volatility to the account overall, even if that means the account does not generate significant

income or returns and may not keep pace with inflation.

• Moderate: Willing to accept some risk to principal and tolerate some volatility to seek higher returns.

• Aggressive: Willing to accept high risk to principal and high volatility to seek high returns over time.

• Investment Eligibility Consideration: If selected, a portion of the portfolio for that account may include complex strategies, limited liquidity and greater volatility.

Statement "Householding"

We may consolidate all related account statements with the same address in the same envelope, e.g. because they have owners who also maintain joint account relationships with other clients at the same address. If you prefer to receive individual statements mailed in separate envelopes, you may decline householding by calling your Financial Advisor.

Friendly account name

The Friendly account name is a customizable "nickname" chosen by you to assist you with your recordkeeping. It has no legal effect on your account, is not intended to reflect any strategy, product, recommendation, investment objective or risk profile associated with your accounts, and is not a promise or guarantee that wealth, or any financial results, can or will be achieved. All investments involve the risk of loss, including the risk of loss of the entire investment. You can change your friendly account names through Online Services or by contacting your Financial Advisor.

Account overview

Value of your account/portfolio. Net of assets and liabilities.

- Assets: Includes available cash balances, values for restricted security (est.), and Global Time Deposits, unrealized marks to market, and certain assets not held by the Firm. Does not include unregistered securities/sets at the end of the prior and current statement periods, or private investments, unvested stock options and exercisable stock options.
- Liabilities: Includes debt balances, outstanding margin loans, credit line, short account balances.
- Cash/money balances: Total of uninvested available cash balances, plus deposit balances at affiliated and non-affiliated banks, and money market mutual fund sweep balances, at the close of the statement period.

Non-commodity free credit balances in your account are not segregated from other balances and the Firm may use any of these funds in the ordinary course of its business. These funds are payable upon your demand. This total is included in the current period closing value.

Lending information

For detailed information on the Firm's lending practices and disclosures, refer to your Client Relationship Agreement or Account Agreement and the General Terms and Conditions. UBS Statement of Credit Practices available in Agreements and Disclosures at www.ubs.com/accountdisclosure.

Important information about your statement (continued)

Your assets

Your statement itemizes securities and other assets held in the account at the end of the statement period. You may ask for delivery of fully paid securities at any time. You may receive securities used as bank collateral after paying any balance due on them. Any securities transferred to the Firm during the statement period are listed at market value as of the end of the statement period.

Cost basis.

In determining the cost basis of the securities included in this statement, where indicated with the number "1," UBS Financial Services has relied on information obtained from sources other than UBS Financial Services, including from another firm or that you may have provided to your Financial Advisor. The Firm does not independently verify or guarantee the accuracy or validity of any information provided by sources other than UBS Financial Services.

In addition, although UBS Financial Services generally updates this information as it is received, the Firm does not provide any assurances that the information under "Cost basis" and "Unrealized gain/loss" is accurate as of the date of this statement. As such, please do not rely on this information to make purchase or sale decisions, for tax purposes or otherwise. Accounts transferred to the Firm may reflect gains/losses information only for the period of time they are held at the Firm. More historical information can be added by your Financial Advisor.

Unrealized gains/losses.

When data is available, estimated unrealized gains/losses are calculated for individual security lots. The transaction data for individual lots may or may not reflect commissions, charges and/or security reorganization events.

Dividend and other reinvestment lots and systematic purchase lots are each combined to display one averaged lot. The "Trade date" column presents the original transaction trade date.

Callable securities. Bonds and preferred stock that the issuer calls for early redemption will be selected impartially by lot from among all securities of that issue held in our name or in nominee name for our clients. Call feature information is obtained from third parties and its accuracy is not guaranteed. Other call features may exist which could affect yield; complete information will be provided upon request.

Price/Value. Prices displayed for securities and other products may be higher or lower than the price that you would actually receive in the market. Prices are obtained from various third party sources which we believe to be reliable, but we do not guarantee their accuracy.

We generally use the closing price when available or the mean of the bid and ask prices for listed securities, and options or only bid prices for OTC securities.

Less actively traded securities may be priced using a valuation model or the most recent price we obtained and may not reflect an actual market price or value.

Certain positions may appear without a price and will show as "price was not available" if we are unable to obtain a price for a security.

Deposits or securities denominated in currencies other than U.S. dollars are reflected at the exchange rate as of the statement date.

- For certain securities trading in non-conforming denominations, price and quantity (face value) may have been adjusted to facilitate proper valuation. To obtain current quotations, when available, contact your Financial Advisor.
- **Private investments and structured products.** Private investment securities (including direct participation program and real estate investment trust securities) and structured products are generally highly illiquid. Certain structured products have not been registered with the Securities and Exchange Commission or under any state securities laws. We provide estimated values for private investment securities and structured products for informational purposes only.
 - These values may differ substantially from prices, if any, at which a private investment security or structured product may be bought or sold and do not necessarily represent the value you may receive upon liquidation.
 - Third party estimates of value are as of a certain date and are supplied to UBS Financial Services on a regular basis by an independent valuation firm.
 - Issuer, general partner or sponsor estimated values, if any, are supplied to the Firm by the issuer, general partner or sponsor and may be calculated based on different information from that used by third parties to derive their estimated values.
 - You can obtain additional information regarding the methodology used to determine the estimate of value and the date of the information that is the basis for the estimate by contacting your Financial Advisor.
 - Third party estimated values may be reflected as "Non-priced" in several situations: when an independent valuation firm has not supplied or is unable to assign a value, when we become aware that a material event has occurred that may call a previously reported value into question, or when a value would be highly speculative due to the nature of the security.
 - When neither an issuer, general partner or sponsor estimated value nor a third-party estimated value is provided, the value of the security will be different from its purchase price.
 - "Distributions to date" may include return of capital, income or both.
 - "Original unit size" represents the initial offering price per unit and may not reflect your cost basis. DIP and unlisted REIT securities are not listed on a national securities exchange, and are generally illiquid and even if they can be sold, the price received may be less than the per share estimated value provided in the account statement.
- **Restricted securities.** Restricted securities generally are not currently eligible for public sale. UBS Financial Services uses the market price of the unrestricted stock of the same issuer as an imputed value for the restricted stock for purposes of this statement only. To the extent that restricted securities are eligible for sale, the value received may be substantially less than the imputed value shown.

- **Est. (estimated) income, current yields and rates.** An estimate of annual income is based on current dividend and interest rates, assuming the securities will be held for one year from statement date or until maturity. This estimate is only a guideline; accurate and continued income are not guaranteed.
 - Estimated annual income and current yield for certain types of securities could include return of principal or capital gains in which case the estimated income (and current yield) would be overstated.
 - An estimate of annual and income (dividend and/or interest) divided by the current market value/average balance is based on the last dividend or interest payment made by the issuer and assumes the securities/depots will be held for one year from the statement date or until maturity. Accuracy and continued yield are not guaranteed.
- **Assets not held by UBS Financial Services.** Certain assets are not held by the Firm and not within the Firm's possession or control. These assets are displayed on your statement for informational purposes only. Positions and values presented are provided by the issuing firm. UBS Financial Services is not responsible for this information and does not guarantee its accuracy. These assets are not protected by SIPC or the Firm's supplemental SIPC coverage.
- **Revenue sharing and additional compensation.**
 - In addition to commissions on sales and 12b-1 fees received in connection with the distribution of mutual funds to our clients we and/or our affiliates receive revenue sharing payments from distributors and/or advisors of the mutual funds that we sell. These amounts are based on two different components: (i) the amount of sales by UBS of a particular mutual fund family to our clients; and (ii) the asset value of a particular mutual fund family's shares held at the firm.
 - We and our affiliate also receive networking and omnibus processing fees in consideration for transfer agent services that we provide to the mutual funds. These fees generally are paid from investor assets in the mutual fund and are a fixed dollar amount based on the number of accounts at the broker-dealer holding mutual funds of that fund family.
 - In addition to commissions received in connection with the sale or distribution of annuity contracts and unit investment trust units to our clients, we and/or our affiliate receive revenue sharing compensation from many of the insurance companies underwriting the annuity contracts, affiliates of the insurance companies or sponsors of the unit investment trusts we distribute.
 - In addition to commissions received from the purchase and sale of NextShares funds, we and/or our affiliate receive an asset-based revenue sharing payment from NextShares distributor, as well as funding for technology development, training and education.
 - Our affiliates also receive trading commissions and other compensation from mutual funds and insurance companies whose products we distribute.

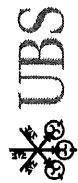

- We receive compensation from UBS Bank USA, UBS AG Stamford Branch and non-affiliated banks through our cash sweep programs. This compensation may be a monthly per account fee or may be a percentage of average daily deposit balances.
- **Activity**
 - Information regarding commissions and other charges incurred in connection with the execution of trades, including option transactions has been included on confirmations previously furnished to you, and will be provided to you promptly on request.
- **Short selling**
 - If you are engaged in short selling a security, you may incur a charge due to certain borrowing costs for that particular security.
- **Open orders**
 - Regarding open or "good-till-cancelled" orders that were not executed by the statement date, open buy and sell stop orders are reduced by the amount of dividends or rights on ex-dividends or ex-rights date unless instructed otherwise by you. You are responsible for orders that are executed due to your failure to cancel existing open orders.
- **Privacy**
 - To obtain a copy of our current Client Privacy Notice, please contact your Financial Advisor or visit our website at www.ubs.com/privacynotice.
 - UBS Financial Services is not a bank. The RMA, Business Services Account RSA and IRMA are brokerage accounts which provide access to banking services and products through arrangements with affiliated banks and other third-party banks, and provides access to insurance and annuity products issued by unaffiliated third-party insurance companies through insurance agency subsidiaries of UBS Financial Services Inc.

Information about your loan account

Notes from first page of loan statement:

¹ **Variable Interest Rate:** Variable rate as of June 28, 2019 based on 30-day LIBOR at 2.398%, a spread of 2.500% and a loan approval amount of \$3,500,000. Corresponding annual percentage rate (APR) is 4.966%. Rates may vary and are subject to change as provided in your Credit Line Agreement.

² **Available Credit:** The Available Credit number is the amount you could potentially borrow based on the lending value of the collateral and the Credit Line approval amount. This is not a committed loan facility and the Bank is not obligated to you or any third party to satisfy your borrowing requests. Loans made through a Credit Line are extended solely at the discretion of the Bank under the terms of your Credit Line Agreement. Available Credit is subject to change at any time in the sole discretion of the Bank. An Available Credit of \$0 does not automatically mean that your account requires additional collateral. Please contact your Financial Advisor to discuss the details of your Credit Line account.

Up to 9 Years	5.230%
Up to 10 Years	

All rates may vary and are subject to change as provided in your Credit Line Agreement. For more information, please contact your Financial Advisor.

Calculation of the Balance Subject to Interest Rate for Variable Rate Advances. We use the daily balance (including new transactions) method. The daily balance of each Advance is determined each day by: (i) taking the beginning balance for that day; (ii) adding any new withdrawals applicable to that Advance on the date of the withdrawal; (iii) adding to the Variable Rate Balance, at the beginning of a billing cycle, the interest charges and any fees attributable to all Advances for the prior billing cycle that were not paid; and (iv) subtracting any payments credited as of that day. A credit balance on any Advance is treated as a balance of zero. To calculate the total interest charge on an Advance for a billing period, the applicable daily interest rate is

multiplied by the applicable daily balance for that Advance for each day in the billing period, and then those totals are added together to determine the total interest charge.

Calculation of the Balance Subject to Interest Rate for Fixed Rate Advances. We use the same formula as we use for Variable Rate Advances, however the daily balance of each Fixed Rate Advance is determined on the date the Fixed Rate Advance is booked.

Method of payment.
